actions of the user opening the page. Cookies, Web Beacons, and other tracking technologies may be active on our Site. We reserve the right to add or change our tracking technology as such technology improves.

We may send one or more tracking technologies to your Device when you visit the Site or allow ads to appear, including:

- To monitor your experience on the Site;
- To allow you to use and access the Site's functionality;
- To allow us to improve the Site to better serve our customers and other users;

The information in these cookies may be linked to data you voluntarily have submitted to us, such as your name, postal address or email, which we may share with a data provider in hashed or encrypted form. To opt-out of these data provider cookies, please go to the Digital Advertising Alliance ("DAA") website at <http://www.aboutads.info>.

1FFC also uses depersonalized aggregated Usage Information to assess and maximize the performance of the Site. This depersonalized Usage Information may be provided to other companies to assist us with these objectives, including, but not limited to, third party advertisers, analytics providers, and other service providers. Depersonalized Usage Information does not include any Personal Information that can be used to identify individuals.

Your browser should allow you to manage tracking technologies. However, if your browser's settings are too restrictive you may not be able to use all of the features of this Site.

In cases where you may enter this Site from a third party site, such as a search engine or referral site, those sites may use tracking technologies to monitor their own site performance, traffic, etc. You must review the privacy policy of each third party site in order to determine what information about you is collected and how that information is used.

What about Our Interactions with Third-Party Services?

The Site may include functionality that allows certain kinds of interactions between the Site and a third-party web site or application. The use of this feature may involve a third-party operator providing certain information, including Personal Information, to us. For example, if you click on social media icons on the Site (such as for Facebook, Twitter or Instagram), such action may be associated with your Personal Information you provided on those third-party sites or applications, and we may then have access to that Personal Information. If so, we will then treat it as Personal Information under this Online Privacy Policy. In addition, we may provide third-party sites' interfaces or links on the Site to facilitate your ability to send communications from the Site. For example, we may use third parties to facilitate emails, tweets or Facebook postings. These third parties may retain any information used or provided in any such communications or other activities. Such third parties' practices are not subject to our Online Privacy Policy. We may not control or have access to your communications through third parties. Further, when you use third-party sites or services, you are using their services and not ours. Therefore, the third party, not us, would then be responsible for their practices. You should review the applicable third-party privacy policies before using such third-party tools on our Site.

What about Advertising?

Data about your activities online is being collected on our Site for use in providing advertising tailored to your individual interests. We may use third parties such as network advertisers and ad exchanges to serve advertisements across the Internet and may use third party analytics service providers to evaluate and provide us and/or third parties with information about the use of these ads on third party websites and viewing of ads and of our content. Third parties may offer you a choice as to whether or not to have your information collected for that purpose. This section of our Online Privacy Policy provides details and explains how you can exercise that choice.

You may see certain ads on other third-party websites and services across the Internet because we participate in advertising networks administered by third parties. These networks track your online activities over time and across third party websites by collecting information through automated means, including through the use of the tracking technologies described above. They may use this information to show you advertisements (including our ads) that are tailored to your individual interests. The information they collect includes information about your visits to our Site, such as the pages you have viewed. These third-party tracking technologies may be set to: (1) help deliver advertisements to you that you might be interested in; (2) prevent you from seeing the same advertisements too many times; and (3) understand whether you find the advertisements that have been delivered to you useful. You acknowledge and agree that associated technology may access and use your Device and may set or change settings on your Device in connection with the associated operations.

This collection and ad targeting takes place both on our Site and on third-party websites that participate in the ad network, such as websites that feature advertisements delivered by the ad network. This process also helps us track the

effectiveness of our marketing efforts. For example, third-party service providers, including Google, may show you our ads on the Internet. Third party vendors, including Google, use tracking technologies to serve ads after a user visits our Site. You may opt out of Google's use of cookies by visiting the Google advertising opt-out page at: <https://www.google.com/settings/u/0/ads/authenticated?hl=en> . We are not responsible for the effectiveness of or compliance with any third parties' opt-out options, including Google's opt-out option

- To our third party service providers who may only use shared information in accordance with this Online Privacy Policy and only provide the services we request. We may use third-party service providers to perform certain services on behalf of us or the Site, such as: (1) to assist us in the operation of our Site; (2) to process any transaction you request (if any) and to maintain any online account you have with us; (3) to manage a database of customer information; (4) hosting the Site; (5) designing or operating the features available on the Site; (6) tracking the activities and analytics of our Site; (7) enabling us to send you special offers or perform other administrative services; and (8) other services designed to assist us in maximizing our business potential.
